ANTHONY MUIZ MOGBONJUBOLA

Lagos, Nigeria | +234 708 332 6970 | muizanthony0@gmail.com | linkedin.com/in/muiz-anthony

PROFESSIONAL SUMMARY

Operations and automation professional with over two years of experience building automated workflows (Make, Zapier, HubSpot), live KPI dashboards (Power BI, DAX) and admin systems in Excel, alongside grant and community operations. Supported a $30,000+ grant portfolio and a 5,000+ member network, onboarded 100+ users through a campus activation, and handled clinical records with strict accuracy and confidentiality. Biochemistry graduate (CGPA 4.36/5.0) based in Lagos.

CORE SKILLS

- **Automation:** Make, Zapier, HubSpot CRM, REST APIs, Google Forms, Google Calendar, Gmail workflows
- **Data & BI:** Power BI, DAX, Microsoft Excel (PivotTables, formulas, data validation), Power Query, Google Sheets
- **Operations & Admin:** Grant operations, compliance reporting, record keeping, onboarding documentation, community management, event coordination
- **Technical:** Python, React, FastAPI, GitHub

PROFESSIONAL EXPERIENCE

Grants Operations Manager | EnableHER Nigeria *Sep 2024 – Aug 2026 | Lagos, Nigeria*

- Managed operations, documentation and compliance reporting for a $30,000+ grant portfolio, working with minimal supervision.
- Built automated CRM pipelines (HubSpot, Make, Zapier) that removed manual data entry for a 5,000+ member network.
- Automated webinar registration confirmations and scheduled reminder emails (Make, Google Forms, Google Calendar, Gmail).

Zonal Community Coordinator | BitMart Exchange *Jan 2026 – Jul 2026 | Lagos, Nigeria*

- Led the Campus FinTech Activation Campaign, onboarding 100+ new users through outreach and live events.
- Handled enquiries for a 300+ member community and escalated feedback and operational gaps to product teams.

Clinical Data & Operations Intern | Crystal Specialist Hospital *Apr 2025 – Oct 2025 | Lagos, Nigeria*

- Entered and maintained 50+ patient records weekly with strict accuracy and confidentiality.
- Audited data flows and compiled status reports for administrative leadership.

PROJECTS

- **Operational KPI Dashboard (HubSpot, Make, Google Sheets, Power BI, DAX):** Built a pipeline that adds new CRM contacts to a live dataset and a dashboard covering customers, revenue, satisfaction, regions and channels, replacing manual reporting. Uses a simulated fintech dataset.
- **HR Attendance & Onboarding Tracker (Excel):** Built a workbook with formula-driven attendance, review flags, a PivotTable, a chart and an onboarding checklist, with a user guide. Uses fictional sample data.
- **Client Onboarding Automation (Make, HubSpot, Gmail, Telegram):** Built a workflow that creates HubSpot contacts from a lead form, sends a personalised welcome email and alerts the team.

EDUCATION

B.Sc. Biochemistry (Second Class Honours, Upper Division, CGPA 4.36/5.0) | Lagos State University *2026*

Relevant coursework: Biostatistics, Data Analytics, Digital Marketing.

CERTIFICATIONS

Make, Zapier, Asana
